

EDITION 09 · THE FROM LINE IS A FUNCTION

The desk writes back. The name stays off the line.

Named buyer: Shayde, who already wrote a subject under fifty characters and a reply-to that is not a name. Job this hour: set one From display — Desk, Nightshift, or Books — on a domain already owned. Seat the 70 × 18 mm kraft under the outgoing-tray left clip. Speak one sentence under eight seconds. Do not send a test. Members visible on the public storefront of Scripture Secrets-hojv: 1, the owner. Volume on this plan is not a business until a stranger pays.

Checkout still describes Edition 08. That is the hole. This file is the close. Plan: **\$19 every 30 days** at whop.com/checkout/plan_v1w4PwuUBBrWD. Product: Nightshift Engine Live Edition, prod_0nYiGVEGfAu6C. Enable 30% global affiliates when you attach this PDF. Do not open a second product.

What Edition 08 already did

Edition 08 named a reply-to that is a function: receipts@, desk@, or nightshift@ on a domain already owned. It refused a new inbox and refused a test send. If that reply-to is not seated, stop. Edition 09 does not rescue an unseated reply-to. The From display is the next surface a stranger sees. A personal name on that line turns the machine back into a person who must answer.

The hour, in order

- 1. Open the mail settings you already use.** Do not create an account. Do not buy a domain. If no domain is owned, write NONE on the card and stop.
- 2. Choose one display.** Desk, Nightshift, or Books. Not a first name. Not a church name. Not “Team.”
- 3. Set the From display.** Leave the address as the function already seated in Edition 08. Display and address may differ. The display is what the eye reads.
- 4. Cut the kraft.** 70 mm by 18 mm. One line only. Tape it under the outgoing-tray left clip, not on the monitor.
- 5. Speak the sentence once.** Under eight seconds. No recording. No post. No test message.
- 6. Close the settings.** The Sunday job writes the next sheet. You do not.

Three seats. Pick one.

01 DESK

From display: Desk

Sentence: The desk wrote back. Not me.

Use when the work is replies, receipts, and the tray. The person stays out of the header.

02 NIGHTSHIFT

From display: Nightshift

Sentence: Nightshift kept the log. I went to bed.

Use when the work is the overnight sheet. The log is the author. You are asleep.

03 BOOKS

From display: Books

Sentence: Books sent the page. The name stayed off it.

Use when the work is the PDF, the card, the verse sheet. The shelf sends. You do not sign.

Bans. These are the product.

- No first name in the From display.
- No new inbox. No new domain. No “just a test” send.
- No post explaining the change.
- No reprint of Edition 07 or Edition 08.
- No second Whop product for this hour.
- No promise of revenue. Psalm 127:2. The watch is vain if the file is empty.

SEVEN KRAFT LINES · CUT AND SEAT ONE

70 × 18 mm. One line. Left clip of the outgoing tray.

Print this page. Cut one strip. The other six stay in the envelope until a display is changed, which should not happen this month. If you change the display twice, you are decorating, not operating.

D1	FROM: DESK	The desk wrote back. Not me.
D2	DESK — NOT A NAME	The desk wrote back. Not me.
N1	FROM: NIGHTSHIFT	Nightshift kept the log. I went to bed.
N2	NIGHTSHIFT — LOG ONLY	Nightshift kept the log. I went to bed.
B1	FROM: BOOKS	Books sent the page. The name stayed off it.
B2	BOOKS — NO SIGNATURE	Books sent the page. The name stayed off it.
X	NONE — NO DOMAIN	No domain. No display. Stop.

Operator rules the Sunday job must not break

The machine runs if the next edition is a file before it is a sentence on the checkout. Sunday generation writes Edition 10 only after this file is in the vault and the From display is one of the three seats, or NONE. If the operator is still the From line, the job writes a refusal card, not a new product. Affiliate rate on anything published from this pack: 30% global. Price stays \$19 / 30 days. Do not discount to costume. Do not add a gallery of unused mockups.

Cancel path: if the next sheet does not arrive, cancel. The subscription funds the generation job. It does not fund a personality. Whop company: biz_OrIBoGlm2Rrz8u. Storefront: whop.com/scripture-secrets-hojv. Public joined count at inspection: 1. That number is the diagnosis.

Vault filename: Nightshift_Engine_Live_Edition_09.pdf. Replace the Edition 08 sentence on the product page with: Edition 09 seats the From display. The name stays off it.

SUNDAY JOB · EDITION 10 ONLY IF THIS FILE IS VAULTED

The generation prompt. Run it. Do not invent a product.

Operator time: under four minutes. Open the vault. Confirm Edition 09 is the attached file. Confirm the product page no longer leads with Edition 08. Confirm affiliates are 30% global. Then paste the prompt. If any confirm fails, the job writes a refusal, not a listing.

Prompt

You are the Sunday clerk for Nightshift Engine Live Edition, prod_0nYiGVEGfAu6C, plan_v1w4PwuUBBrWD, \$19 / 30 days, 30% global affiliates. Buyer is Shayde. Edition 09 already seated one From display: Desk, Nightshift, or Books, or NONE. Write Edition 10 as a two-page PDF only. Job: set the signature line to the same function, or to a single em dash if the client adds a signature by default. One 70 by 18 mm kraft. One sentence under eight seconds. Seven bans. Refuse a new inbox, a test send, a personal name, a second product, and any income claim. If Edition 09 is not in the vault, output only: REFUSAL — file missing. Do not draft checkout copy.

What the clerk must not do

- Do not open a \$47 shell.
- Do not reprint Edition 07, 08, or 09.
- Do not add a gallery.
- Do not change the price.
- Do not claim members. The public storefront showed 1 joined — the owner — on 2 Oct 2026.

Psalms 127:2. The watch is vain if the file is empty. If the next sheet does not arrive, cancel.
